

# Zoom Rooms & Workspaces

## Helping you build a better workspace.

Zoom Rooms bring flawless video and audio collaboration into any space making it a modern workspace for hybrid teams.

### Enhance productivity in rooms

Start meetings with one touch, share content wirelessly, all with HD video and audio.

### Bring Zoom to any meeting space

Build the room you need with the hardware you want to work with Zoom's cloud platform.

### Meet with anyone

Include remote participants from desktop, mobile, or other conference room systems.

- + Bring high quality video, audio, and web conferencing to any sized room or workspace
- + Advanced features like Zoom Kiosks (virtual receptionist), voice commands and room controls on your mobile device
- + Enabling the hybrid workforce with features like Smart Gallery and Workspace Reservation
- + Google, Office 365 and Exchange calendar integrations support room booking, room status, upcoming meetings list, and more

"We wanted it to be not only easy to use, easy to put together, a great user experience, but we wanted to enable those elements from a design perspective. Zoom stood out far and beyond everybody else and ticked all of those boxes for us."

Head of Productivity Development

## Easy, Scalable, Centralized Management

-  **Monitor and manage rooms at scale**  
The admin dashboard allows you to manage multiple device types in the same user-interface and provides real-time and historical reports of room usage, meetings, and devices.

-  **Interoperate with other meeting platforms**  
Connect to standards based SIP/H.323 systems with Zoom Conference Room Connector. Join Cisco Webex, Microsoft Teams and BlueJeans meetings without additional licensing or third party services.

-  **Set room alerts**  
Assign rooms to different IT managers and also configure alerts that will notify the appropriate individuals when an issue occurs.

-  **Centralized conference room management**  
Push software updates to all deployed Zoom Rooms. Manage Cisco or Poly rooms from a single admin portal with an enhanced API connector using a CRC.

# Delivering a complete workspace experience

## Workspace Reservation

Zoom's Workspace Reservation will allow users to schedule flex spaces in your offices. Users can comfortably reserve empty desks, desks with Zoom devices, or Zoom Rooms from a platform they are familiar with.

## Scheduling Displays

Make scheduling rooms easy and instant with a beautiful display that provides room availability, check-in for utilization management, and the ability to book a meeting for any available time of that day.

## Digital Signage

Utilize an unlimited number of in-room or standalone displays for corporate communications, internal marketing, and more across multiple offices and departments.

## Zoom Rooms for Touch

Make interactive collaboration and whiteboarding easy with all-in-one touch displays designed specifically for Zoom Rooms.

Scheduling Display provides room status and booking capabilities.
