

BUSINESS DEVICES THAT ARE A CLASS APART

The Lenovo V Series provides security, data protection and productivity features in an affordable package.

Lenovo V17 G2 ITL

Smarter
technology
for all

Lenovo

Designed for users who need a larger screen but still want a mobile device that can be used around the office, at home, or even for occasional travel. The widescreen 17.3" anti-glare display enhances comfort and accuracy when working with documents, web content or media files, and enables small-group collaborations without connecting to an external monitor. The device also comes with optional WiFi 6 which can enable faster internet speeds with compatible routers.

REASONS TO BUY

Users looking to boost performance can configure the device with responsive SSD storage, NVIDIA GeForce® graphics and the latest 11th Gen Intel Core™ processors. And with the 45Wh battery option, the device can last up to 6.5 hours.

Supports Smart Power On feature wherein a fingerprint reader is integrated with the power button enabling users to power on/wake up the device and login in at the same time.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo V17 G2 ITL
